

REMARKS/ARGUMENTS

Favorable reconsideration of this application and entry of the amendments submitted herewith is hereby respectfully requested.

The foregoing amendments to the specification have been requested for the purpose of providing figure numbers for substitute Figures 3A and 3B as well as Figures 8 and 9 which have been reviewed and approved by the Examiner. In addition, amendments have been made to the specification where necessary to make reference to these new figures and/or to provide a brief discussion of the elements illustrated in such figures and to correct minor grammatical errors. Insofar as these amendments to the specification are therefore made for consistency between the specification and drawings and clearly do not raise new issues and/or considerations or raise new matter, entry of this amendment after allowance is believed to be in order and the same is hereby respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
